Exhibitors must supply copy of public liability insurance as part of their application. ASWA does not cover or supply any insurance for exhibitors.

City of Albany Homes/private studios require extra paperwork (supplied by ASWA) to comply with CoA agreements. No other Shire has the same requirement. We do not handle any other agreements on behalf of other Shires.

Exhibitors must abide by all OHS general regulations including any pandemic requirements.

Exhibitors will receive a venue bag containing venue number poster, sponsor's promotional material, general information docs, and booklet allocation. These are delivered to a pick up point in their closest town and they are required to retrieve them for their use.

All Exhibitors are required to display the venue number poster at the door of their venue.

Corflute triangle Easter Art Festival Road signs are available for purchase and are ordered on the entry form. These coreflute signs are displayed only during their opening days during the Art Festival They cannot be used outside the Easter Art Festival dates. It is advised that they are brought in each day.

A high standard of work and curation is encouraged. We do check newcomers to encourage them to meet the standards, and periodically provide a 'How to Curate your Exhibition' workshop. We have found that exhibitions of a low standard generally do not sell much work and do not join in the following year.

An exhibitor online survey is filled out at the end of the Easter Art Festival. A paper visitor statistic sheet is provided in the Bag. You use this sheet to fill in the survey. There is no need to email this paper template to admin Survey information is used in grant applications and reporting. Funders like to see a return on their investment and your story helps us justify their investment.
